Mustang Twin Gauge-Pod

Simco Electric Twin gauge pod
Boost & Air-Temp gauge functions
Model years 1999 – 2004

Race-up your interior

Simco, the designer of OEM instrument clusters for top specialty vehicle manufacturers and aftermarket gauges, now produce their patented technology and racing-inspired designs specifically for the consumer market. Our gauge pods are a nice way to customize your car with added gauge functions.

Features

- Electric 0 – 15 psi Boost gauge function
- Electric 100 – 200 deg. Air temperature function
- Self contained gauge pod with universal dash mounting
- Race-inspired bezel rings in chrome or satin silver
- “Indiglo” style backlighting
- Simco patented Micro Air-Core movements
- Great matching addition to any Simco Mustang cluster module
- Includes 0 -15 psi boost sender
- 12-month product warranty
- Step-by-step, hassle-free installation instructions
- Online forms and technical support

Important: The boost line and hookup required for boost sender input is not included.

We create the vehicle enhancements that “Drivers like to see”.

Our gauges combine custom racing graphics with “indiglo” style lighting, chrome or silver rings, and black aluminum pointers all with additional gauge functions.

M.S.R.P.
\$199.⁹⁹
